Our Lady of Light Band Club, 664 Quarry Street, Fall River

The event will feature dinner and a brief program in which the Commissioner for the Massachusetts Department of Public Health and Mayor Correia will help us celebrate our fourth year and recognize those who have helped to make this an exceptional year for public health in the City of Fall River. As always, this event will be a good opportunity to meet others who are actively engaged in improving the quality of life in the City. The synergy that results from these exchanges is one of the many benefits of the Healthy City process.
